

Make Room for Kids!!

Please help us raise \$25,000 to remodel and furnish our new Kids' Room!!

Families and children are always welcome in our office. We have recently acquired additional office space that gives us the opportunity to create a room for children to use when families visit us. It will provide space for children to play, read, or watch videos when their parents are attending workshops, support groups, or meeting with staff.

We have the space, but we need to fill it!!

We now have to remodel the space in order to turn it from an office into a playroom. We need to move a wall, paint, and purchase new furniture, educational toys, and games. Our budget does not include funding for this project, so we are beginning a drive to raise the needed funds because we believe that providing a special place for children will help their parents utilize CARE staff and resources more fully and easily.

Two ways to donate!!

We are asking everyone who knows us and who has benefited from our services to help us improve our ability to serve the *next* family who comes to us for help. All donations for our Kids' Room will *only* be spent on this project. A donation in any amount, large or small, is appreciated.
